**IN THE CLAIMS**

Please substitute the claim set in the appendix entitled Clean Version of Pending Claims for the previously pending claim set. The substitute claim set is intended to reflect amendment of previously pending claim 1 and addition of new claims 32-41. The specific amendments to individual claims are detailed in the following marked-up set of claims.

1. (Twice Amended) A cooling assembly for at least one board, the at least one board suitable for accepting a plurality of components including a first component, the cooling assembly comprising:

a passage;  
a fan suitable for passing air through the passage; and  
an isolation assembly for generally enclosing heat generated from the first component, wherein the first component is enclosed within the isolation assembly, the isolation assembly in communication with the passage, wherein the isolation assembly is removably attachable to a computer case without opening the computer case, and wherein the passage is separate from another heat-sensitive component within the computer case.

2. (Unchanged) The cooling assembly of claim 1, and further comprising an alternate passage in communication with the isolation assembly.
